

HELP MAKE A CHILD HAPPIER IN HOSPITAL

18-22 June 2007

*With the support of Mr Heinz Zourek, DG Enterprise and Industry is organising a **toy collection for children with cancer.***

The collection will be offered to Jennifer asbl, a charity that helps make children's hospital stays as enjoyable as possible as they undergo treatment for cancer.

As many of these young patients are in a sterile environment, cuddly toys and toys made of cloth are inappropriate.

Please leave your gifts at the Breydel building reception during the week of 18-22 June.
